

Kapi'olani Community College

CONTINUOUS IMPROVEMENT REPORT

Student Congress

AY 2020-2021

What successes does your data reflect?

- In Question 1 and 2, Student Congress had positive responses for all scenarios such as:
 - worked effectively towards fulfilling its purpose and responsibilities,
 - participation is important and valuable to the campus,
 - equal opportunity to participate,
 - adequate information was shared to make informed recommendations,
 - efficient meetings,
 - follow up action and people responsible were clearly communicated
 - Satisfaction with the content discussed at meetings
 - Initiatives are raised by student concern
- In Question 3, it was evident that Student Congress excelled at meeting student needs by providing food or academic help, or other initiatives that were focused on improving the student experience by alleviating pressures that existed due to COVID-19.

What goals emerge from the data?

- In Question 1, we would like to increase the amount of responses in the “always” category.
- In Question 2, we would like to address more information to be shared about the budget by having standing budget reports at each meeting, and an opportunity at each meeting for participants to ask questions about the Student Congress budget.
- We can work on providing a central location for documentation and information
- Work with Campus Administration to develop a centralized Communication System for students.
