KCC STEM PROGRAM MISSION

To provide KCC Students with workforce skills and transfer opportunities in Science, Technology, Engineering & Mathematics (STEM).

To Provide STEM students with:

- A sense of place on campus
- A clear academic goal
- Funding opportunities

“Kulia i ka nu‘u”
Strive for the Summit
THE ASNS DEGREE PROGRAM

The 60 credit Associates in Science in Natural Science (ASNS) degree with a concentration in:

- Biological Science
- Physical Science
- Engineering Science
- Information & Communication Technology

The ASNS Degree provides clear, coherent and explicit pathways for students intending to transfer into STEM majors at baccalaureate institutions. The program offers students with undergraduate research opportunities as they move through STEM curricular pathways.

THE CERTIFICATE PROGRAMS

Along with the ASNS degree programs, KapCC STEM offers students with unique certificate programs to enhance their career goals.

Certificate of Achievement in STEM Education (CA-STEM ED)

Provides students with solid knowledge and skills in STEM and Education. It provides a clear pathway for students planning to transfer to a university teacher education program in Secondary Education Program, which leads students to be secondary school educators in STEM.

Certificate of Achievement in Biotechnology (CA-BIOTECH)

Prepares students for entry-level employment in the biotechnology industry and research laboratories. Students will learn basic laboratory skills, equipment operation and maintenance, quality control, safety and good manufacturing practices.

THE STEM PROGRAM

The goal of the STEM program is to enhance the quality of the science, technology, engineering and mathematics instructional and outreach programs at Kapi’olani Community College, as well as to increase the number of STEM students transferring to four-year degree programs.

THE STEM CENTER

The STEM Center, located on the second floor of the Koki’o building, provides a collaborative learning space where STEM students and faculty have easy access to one another. The Center offers all STEM students with:

- A sense-of-place on campus
- Peer mentoring services
- Desktop & tablet computer support
- Educational resources

The Center is open to all KapCC students daily, including evenings and weekends.
