KEY TAKEAWAYS

What does our campus want when dining here?

customizability + variety. [hot bar + salad bar + self-selected portions]
affordable meals.
healthy options.
vegan foods.
convenience.
high quality.
sustainability.
transparency. [label ingredients]
more coffee.
Why did the campus create this survey?

To shape upcoming food and beverage operations based on respondents’ dining preferences and experiences.
Who took the survey?

217 Faculty | Staff | Administration

189 Full-Time Students

107 Part-Time Students

Due to the number of respondents, the survey can be representative of the campus population for both current number of employees (632) and projected number of fall semester students (6,640). [95% confidence level with 5% margin of error.]
What did people say?
Slides 6-16 highlight respondents’ habits and preferences for their overall dining experience on campus.
Q3. Which days of the week are you typically on campus during the fall and spring semesters? (check all that apply)

Monday through Thursday are the busiest days for the campus.
Q4. Which time of day are you typically on campus during the fall and spring semesters? (check all that apply)

Does our campus support the food and beverage needs of its community in the afternoon?
Q5. To what extent do the following factors influence your decision to purchase food?

Price was the most popular factor to influence food purchasing decisions “to a great extent.”
The majority of respondents are not satisfied with the number of food and beverage venues on campus. However, response bias must be considered. Perhaps campus members who are satisfied did not participate in the survey since they do not see a need for change.

Q7. Are you satisfied with the number of food and beverage venues available on campus? N=730 | 176 responded “yes” | 294 responded “no”
A slight majority prefers more **prepackaged grab-and-go meals** rather than **made-to-order customized meals**.

“More options in general. Cafeteria food that is not good and one Subway is not enough for a college campus. More vegetarian options as well.

Local businesses and locally sourced food options would represent the commitment that our campus is supposed to have to sustainability.”
How can the campus improve its customer dining experience?

Write-in responses to “add your suggestions or comments to improve the campus dining experience” for question 23 were themed as follows:

Community Factor

220 Grille and Ka'Ikena may serve more customers who are not affiliated with the campus compared to the previous dining locations. Since this survey was only distributed to faculty, students, and staff, the lack of community voice may lead to an incomplete picture of satisfaction levels for both 220 Grille and Ka'Ikena.
Q17. How satisfied are you with your experience at the 220 Grille?
Q18. How satisfied are you with your experience at the Ka'Ikena?
