Transcript

Graduating ADN students planning to take the NCLEX-RN exam must have official transcripts sent to the Hawai‘i Board of Nursing (to the mailing address above) with the final grades posted for all pre-nursing courses and nursing courses and degree is conferred. Transcript Request Form can be completed at the same time as the NCLEX exam application form.

The Kapi‘olani CC Transcript Request Form may be downloaded via the following URL link: https://www.kapiolani.hawaii.edu/admissions/admissions-toolbox/

Graduating ADN students should also request a transcript be sent to themselves for their records and portfolio. Many institutions of higher learning will start the application process for the Bachelor of Science in Nursing program with an unofficial (student-issued) transcript followed by an official one. As an alternative, graduating ADN students should retrieve a hard copy of their STAR academic transcript immediately after graduating, since access to the STAR academic transcript will end after graduating from the ADN program unless re-enrolling in non-nursing classes in a subsequent semester.

The Star Academic Transcript may be obtained (with your UH Username and password) via the following URL link: https://www.star.hawaii.edu/studentinterface/
