INTRODUCTION

The University of Hawai'i System (UH System) is currently comprised of three 4-year institutions and seven 2-year institutions (community colleges), one of which is Kapi'olani Community College.

Kapi'olani Community College is one of the state's largest comprehensive community college with technical, occupational and professional programs in business education, food service and hospitality education, and nursing. It offers the state's most successful university transfer program as well as a well-respected Science, Technology, Engineering, and Mathematics (STEM) program. Nationally, Kapi'olani Community College has been recognized for its Culinary Arts Program (CAP). The CAP has won over a dozen national competitions and is renown in the Pacific region. Locally, Kapi'olani Community College is well known for programs in health sciences and education for emergency medical services. The vast majority of Kapi'olani Community College's students are liberal arts students who study for their first 1 to 2 years either graduate with their associate's degree or use Kapi'olani Community College's robust foundational education as a starting point before moving on to the University of Hawai'i at Mānoa or other four-year universities to complete.

Kapi'olani Community College has one of the largest student bodies with over (on average) 10,000 students enrolled annually. The campus has one of the nation's largest international student bodies and attracts students from over 100 nations including large numbers of students from Japan, Korea, China, and Hong Kong because of its programs of study, links to the University of Hawaii - Mānoa, and proximity to Waikiki. Kapi'olani Community College employs approximately 500 full and part-time employees.

Originally located at Pensacola Street and Kapi'olani Boulevard (from which the school gets its name), adjacent to President William McKinley High School in the Makiki community, Kapi'olani Community College was established in 1946 as Kapi'olani Technical College. The school was administered by the Territory of Hawai'i as one of its chief vocational schools, specializing in food service. In 1965, its curricula was modified and the college became an open-door public college administered by the University of Hawai'i. As part of the realignment of programs, the school adopted its current name.

GEOGRAPHICAL LOCATION

Kapi'olani Community College lies on the opposite slope of Diamond Head, across from the entrance to the Diamond Head National Monument. The main campus can be found at 4303 Diamond Head Road and is bordered by Diamond Head Road (Northwestern Border), Kilauea Avenue (Southeastern Border), 18th Ave (Northeastern Border), and Makapuu Ave (Southwestern Border), see Appendix C for the campus location and map. Kapi'olani Community College also utilizes spaces in the neighboring Leahi Hospital, located at 3675 Kilauea Avenue, for teaching.

The campus also manages the Culinary Institute of the Pacific (CIP), located at 4500 Diamond Head Road location. The CIP is a consortium of University of Hawai'i culinary programs and was developed to provide post degree education and training. The is currently comprised of a classroom/lab building, locker room and restroom building and two support buildings for storage, physical plant and maintenance. This first phase (Phase 1) features advanced continental, Asian and food innovation culinary training. The CIP is bordered by Diamond Head Road, Wauke Street and Diamond Head Crater.

As defined by the *Clery Act*, the disclosure of statistics for certain reportable crimes will be based upon the location of the crimes. Maps that delineate the *Clery Act* geographical boundaries for the three sites are located in Appendix C.

SPECIFIC FEDERAL LAWS REQUIRING SAFETY AND SECURITY RELATED DISCLOSURES

In 1990, Congress enacted the Crime Awareness and Campus Security Act of 1990 (Title II of Public Law 101-542) that was later amended and renamed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (also known as the Clery Act).

The Clery Act requires all postsecondary institutions that participate in the Higher Education Act (HEA) Title IV student financial assistance programs, to meet annual performance measures related to safety, security, and emergency management. One such measure is to publicly disclose specific crime statistics and safety- and security-related information by way of an Annual Security Report (ASR) which must be published and disseminated (or provide notice of its availability) by October 1 of each year.

In 2008, the Higher Education Opportunity Act (HEOA; Public Law 110-315) was reauthorized and expanded the elements of the HEA. The HEOA further amended the Clery Act and created additional safety and security performance and disclosure requirements for postsecondary institutions.

The Violence Against Women Reauthorization Act of 2013 (Public Law 113-4) amended the Violence Against Women Act of 1994 (VAWA) which also added safety- and security-related performance and sexual assault requirements.

This Kapi'olani Community College 2021 Annual Security Report has been published in accordance with the disclosure and information requirements of the current amended versions of the Clery Act, the HEOA, and the VAWA.

ANNUAL SECURITY REPORT

Kapi'olani Community College is firmly committed to providing a safe and secure learning and working environment. Policies and procedures are designed to provide precautionary

2022 KAPI'OLANI COMMUNITY COLLEGE ANNUAL SECURITY REPORT

measures to protect persons and property. The entire Kapi'olani Community College community should exercise good judgment and take appropriate precautions to reduce the possibility of becoming the victim of a crime-related event on campus.

The *2022 Annual Security Report (ASR)* is prepared and published in compliance with the Higher Education Opportunity Act (HEOA) and the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act). These federal laws require colleges and universities to:

- Publish an annual security report containing three years of selected crime statistics and certain campus security policy statements.
- Disclose crime statistical data for the campus, public areas immediately adjacent to the campus, and specific non-campus facilities that are owned or operated by the college and university.

PREPARATION AND NOTIFICATION OF ANNUAL SECURITY REPORT

The Manager of Campus Safety and Emergency Management coordinates the collection, publication, and dissemination of the ASR for Kapi'olani Community College. The primary source of statistical data comes from the Campus Safety Office to whom crimes and incidents are generally reported. However, because not all incidents are reported to Campus Security, other sources are sought for statistical data. These sources include the following:

- Designated Campus Security Authorities (other than Campus Security)
- Honolulu Police Department
- Department of Public Safety-Sheriff Division
- Department of Land and Natural Resources, Division of Conservation and Resource Enforcement

Please note that only the statistics are collected. No identifiable information on the victim or suspect is disclosed to the college.

Upon completion of the annual report, a mass email notification is sent to all current students, faculty, and staff providing the website address to access this report.

A hard copy of this report is also available for viewing in the library (for review and reference only).

Current and prospective students and employees may make a request to obtain one hard copy of the report with 36 hours from the Manager of Safety and Emergency Management (contact 808-734-9334 or go to 'Ohi'a Building, Room 103A). The ASR is also available online to current and prospective students, faculty, staff, and the general public at:

<https://www.kapiolani.hawaii.edu/wp-content/uploads/2022/09/ASR22.pdf>

ASR POINT OF CONTACT INFORMATION

All communication related to this ASR is to be addressed in writing to the following office:

Kapi'olani Community College
Attention: Manager of Campus Safety & Emergency Management
4303 Diamond Head Road, 'Ohi'a 103A
Honolulu, Hawai'i 96816

Should there be any amendment to this ASR, an email notice will be sent to the campus community. The cover page will reflect: "Revised as of: [Date]". The revised version will also be posted on the campus website for public download.

CAMPUS SAFETY & EMERGENCY MANAGEMENT

OVERVIEW

Each Campus Security Department at each of the institutions in the University of Hawai'i System is independently administered. Security services for Kapi'olani Community College are administered through Kapi'olani Community College's Administrative Services Division. Security services are provided by the Department of Campus Safety and Emergency Management.

The unit is comprised of two (2) University Security Officer (USO) II positions and five (5) USO I positions which are overseen by the Manager of Campus Safety and Emergency Management. The College also contracts security services on a limited basis. These services are utilized to supplement the workforce and provide additional coverage as necessary.

Together, campus security officers and contract security officers provide patrol and other security services 24-hours a day, 365-days a year. The Campus Safety Office is located in the 'Ohi'a Building on the first floor, Room 104. Officers are available by telephone at (808) 734-9900 or by campus telephone at x9900.

CAMPUS SAFETY JURISDICTION

The primary jurisdiction of campus security personnel is all property that is currently owned and/or under the control of Kapi'olani Community College. Security personnel are authorized to respond to all service calls and emergency incidents occurring within this jurisdiction. Campus security personnel are authorized to make an initial determination for additional support from first responder agencies (e.g., police departments, State Sheriff Division, State Department of Land and Natural Resources enforcement, State Harbors Division, Department of Transportation enforcement, fire departments, Emergency Medical Services/American Medical Response).

LAW ENFORCEMENT JURISDICTION

Although the State Sheriff Division (Sheriffs) is under the State of Hawaii Public Safety Department, the Sheriffs delegate their first responder, law enforcement authority to the Honolulu Police Department (HPD) of City and County of Honolulu (City). Under Hawaii State law (Hawaii Revised Statute Chapter 52D-5), the law enforcement personnel of each county have the authority to enforce the laws of the State. Therefore, HPD has the jurisdictional authority to respond to all calls for law enforcement services for both State and City property on the island of Oahu. Kapi'olani Community College calls the Honolulu Police Department (911 Police) for all matters requiring law enforcement personnel. When needed, the Sheriffs provide support to HPD personnel upon HPD's request. The Sheriffs provide all the law enforcement services for the corrections and judiciary systems; for programmatic support to State facilities (e.g., crime reduction initiatives, joint outreach programs, and special duty services); and, for process services and execution of court documents. The Campus Safety Department response jurisdiction is limited to campus-owned/operated property. However, because Kapiolani Community College's security workforce is non-sworn, the Honolulu Police Department is called upon for all law enforcement functions to include traffic citations (examples include parking in a handicap stall without a permit and fire lane violations).

ENFORCEMENT

University Security Officers are charged with upholding federal, state, and local laws in addition to the rules, regulations, and policies governing the University of Hawai'i and Kapi'olani Community College. In addition, USO's and contract security personnel are non-sworn and unarmed. Officers may detain individuals involved in the violation of laws and those involved in criminal acts they personally view, or those positively identified as having committed such an act by victims or witnesses until such time that the Honolulu Police Department (HPD) arrives to take custody of the individual(s).

Any campus incident requiring an arrest is referred to the Honolulu Police Department or relevant law enforcement agency.

MUTUAL AGREEMENTS

The Campus Safety and Emergency Management Office remains in communication with the Honolulu Police Department and will occasionally work with other law enforcement agencies including the State of Hawai'i's Department of Public Safety (DPS) and the Federal Bureau of Investigation (FBI). Campus Safety maintains an open and reciprocal relationship with these agencies utilizing their resources and expertise to gather crime-related information, reports, and statistics. The Honolulu Police Department is the primary investigating agency for all criminal activity that occurs on all University of Hawai'i campuses on O'ahu Island, including Kapi'olani Community College.

Kapi'olani Community College and the Honolulu Police Department, City and County of Honolulu, have a Memorandum of Understanding Relating to Communications and Procedures Regarding Reports of Sexual Assaults on Campus. This Memorandum of Understanding sets forth the responsibilities of each party for a cooperative effort regarding communications and procedures for addressing sexual assault, occurring on Kapi'olani Community College's campus. Though no other formal agreements exist between the agencies, Kapi'olani Community College, as a state-level agency, is recognized in local-, state- and federal-level emergency management plans. The law enforcement agencies are also identified in those plans as members of the State Law Enforcement Coalition (SLEC). Certain federal and state-sponsored training for SLEC personnel are often opened to include Kapi'olani Community College personnel.

ENFORCEMENT AND CAMPUS SAFETY RELATIONSHIP TO THE STUDENT CONDUCT CODE

The University of Hawai'i (UH) System "Student Code of Conduct" (Executive Policy E7.208 University of Hawai'i System-Wide Student Conduct Code) Section IV A. states that the jurisdiction of the UH Student Conduct Code is:

1. On University property; or
2. Outside of University property if:
 - a. the conduct was in connection with a University-sponsored program or activity; or
 - b. the conduct may have a continuing adverse effect or could create a hostile environment on campus.

The Senior Student Affairs Officer shall decide whether the Student Conduct Code shall be applied to conduct occurring off campus (including but not limited to the use of social media and other electronic forums), on a case-by-case basis, in their sole discretion.

Additionally, Section IV.B: Conduct - Rules and Regulations, provides "examples of the types of behavior that conflict with the community standards that UH values and expects of students. Engaging in, or attempting to engage in any of these behaviors subjects a student to the disciplinary process and sanctions on each campus."

In order to maintain a safe and secure educational environment, Kapi'olani Community College Campus Safety personnel may encounter circumstances that will require obtaining personal identity information from students at on- and off-campus properties, as well as requiring acceptance of guidance and direction.

Students are encouraged to review their "Student Code of Conduct" and in order to better assist the campus administration in their endeavor to help preserve a positive learning environment for all. Others in the campus community such as faculty, staff, and contractors

are guided by their respective provisions of conduct as identified by their employers.

The Student Conduct policy can be found at:

<https://www.hawaii.edu/policy/?action=viewPolicy&policySection=ep&policyChapter=7&policyNumber=208>

SECURITY WORKFORCE TRAINING

State-Employed USOs are licensed professionals with the State of Hawai'i, Department of Commerce and Consumer Affairs (DCCA), in accordance with the Hawaii Revised Statute (HRS) Chapter 463-10.5.

In addition to completing the training requirements for licensure, USOs must also complete initial certification and, thereafter, regular recertification/refreshers training on cardiopulmonary resuscitation/first aid/automated external defibrillator; defensive tactics training; safe operation of motorized vehicles; safety measures to mitigate against bloodborne pathogen exposure; and, safety measures in response to fire/chemical hazards.

USOs and contracted security also are trained on their responsibilities under the Clery Act; and, they are required to complete courses in the National Incident Management System (NIMS) and the Incident Command System (ICS), which are the operational, and command/control protocols utilized by all first responder agencies throughout the nation.

Contract security personnel are subject to the same DCCA licensure requirements as the USOs. Contract personnel who are assigned to any University of Hawai'i Community College are also expected to meet all the initial certifications and recertification/refreshers training requirements as the USOs (with the exception of the defensive tactics training). Additionally, contract security personnel must also complete NIMS/ICS training.

CRIME PREVENTION SERVICES

Campus Safety officers, including contract security, conduct regular patrolling of the campuses by either vehicle and/or by foot. Security officers perform an array of public safety services, including, but not limited to:

- Working with victims and alleged victims in completing incident reports;
- Investigating crimes and working with other college or university offices, or law enforcement, in meeting all internal investigation requirements under federal law;
- Responding to medical, fire and other disaster emergencies;
- Responding to all traffic accidents that occur on the college's property;
- Upholding of university rules and local or federal laws that regulate the use of alcohol, drugs, and weapons;
- Inspecting campus facilities that facilitate safety (i.e., lighting, shrubbery), and other related campus security services;
- Providing first responder assistance in emergency first-aid, cardiopulmonary resuscitation (CPR), automated external defibrillator (AED);

- Crowd control for college events;
- Managing the overall campus aggressive and/or disturbing behavior.

University Security Officers also provide lock-out services within the college and/or department procedural guidelines and policies.

POLICY STATEMENTS

TIMELY WARNINGS

In the event that a significant emergency or dangerous situation arises on campus that poses an **immediate** threat to the health or safety of employees or students, a timely warning message will be sent. These messages will continue to be sent as long as there is an **ongoing** threat.

Such warnings shall be provided to students and employees in a manner that is timely, that withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences.

Any of the following communication methods may be used to issue the timely warning messages; emergency text message alerts, prominent postings on the Kapi'olani Community College website, broadcast email, social media outlets (i.e., Facebook, Instagram), "Code Blue" emergency telephone public address system, and emergency broadcast enunciator system. In the majority of circumstances, timely warning messages will be communicated via the UH Alert System. Fliers and other informational materials may also be posted in campus buildings, bulletin boards, and digital signage display screens to inform students, faculty, and staff of ongoing safety concerns.

The *timely warning* notification will be developed and issued by one of the following offices, depending upon the circumstances of the situation: Chancellor's Office, the Vice-Chancellor for Administrative Services Office, Vice-Chancellor for Academic Affairs Office, or the Manager of Campus Safety and Emergency Management.

Examples of significant emergencies or dangerous situations include, but are not limited to:

- The outbreak of serious illness;
- Imminent weather conditions such as hurricanes and storms;
- Gas leaks and other biohazard and chemical spills;
- Terrorist incidents;
- Explosions;
- Violent persons.

Certain incidents and situations may not require a timely warning notification but are important in nature to communicate. For example, power outages, road conditions, and facility closures may necessitate an emergency communication to ensure campus and

public safety. In these circumstances, informational messages and advisories will be sent via e-mail.

Kapi'olani Community College is not required to issue a timely warning with respect to crimes reported to pastoral or professional counselors.

Anyone with information that may warrant a timely warning notification should report the circumstances to the appropriate law enforcement or campus authorities:

- Campus Safety Office at x9900 (on-campus telephone) or (808) 734-9900, or in-person at the Campus Safety Office, 'Ohi'a Building, Room 104.

Upon receipt of information from a reliable source and/or upon visual observation of an incident or situation that represents a significant emergency or dangerous situation, the Manager of Campus Safety and Emergency Management will immediately contact the Vice-Chancellor for Administrative Services, or designee acting in his/her capacity, to provide information on the incident/situation. The Vice-Chancellor for Administrative Services will decide or, as necessary, convene the Campus Emergency Management Team to discuss and determine the immediate actions steps. A timely warning will be immediately sent out via UH Alert, if available, or any other method(s) to ensure the campus is informed. Messages will continue as new information presents itself or the situation is closed.

REPORTING OF CRIMINAL OFFENSES

Students, faculty, and staff are encouraged to immediately and accurately report any on-campus emergency, criminal offense, or suspected criminal activity. Prompt reporting improves campus security and law enforcement's ability to investigate the situation and to apprehend suspects and/or prevent potential crimes. Incidents should be reported to one of the following:

- Honolulu Police Department (HPD) at 911.
- Campus Safety Office at x9900 (on-campus telephone) or (808) 734-9900, or in-person at the Campus Safety Office, 'Ohi'a Building, Room 104.

As an option, criminal offenses may also be reported to campus officials who are designated as Campus Security Authorities (CSA's). CSA's will assist with the notification procedures to proper security or law enforcement authorities as necessary and incidents reported to CSA's will be included in the annual security report crime statistics. Please refer to Appendix A of this report for more information on CSA's.

Although exempt from the reporting requirements of the Clery Act, pastoral and professional mental health counselors are encouraged to refer persons they are counseling to report crimes on a voluntary, confidential basis, especially if the incident poses an immediate or ongoing threat to the campus community. Crimes reported will be included

in the annual security report crime statistics.

All campus incident reports are recorded in the Campus Security Office and disseminated to the Manager of Safety and Emergency Management and to the Vice- Chancellor for Administrative Services Office. Incident reports involving students are also distributed to the Vice-Chancellor for Student Affairs for review and potential action via the student disciplinary process.

VOLUNTARY – CONFIDENTIAL REPORTING

If you are a witness to, or victim of a crime and do not wish to pursue action within the college disciplinary system or criminal justice system, you may still want to consider making a confidential report. In certain instances, with your permission, the Campus Safety Department can report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With the disclosure of this information, the college can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution and in the Daily Crime Log. If complete anonymity is requested, please be aware, however, that an anonymous report may not be enough for us to pursue further action against an individual or ameliorate a dangerous situation, unless witnessed by a campus official or others who will provide witness.

Individuals should be aware that for certain types of gender-based misconduct, the Campus Safety Department CANNOT accept confidential reports. Specifically, if a Campus Safety Officer receives any crimes involving sexual discrimination, sexual harassment, gender-based harassment, sexual exploitation, sexual assault; domestic violence; dating violence; and/or stalking, it must report that to the College's Title IX Coordinator. If one wishes to make a confidential report regarding gender-based misconduct, Kapi'olani Community College has on-campus, confidential resources available at <https://www.kapiolani.hawaii.edu/regulations-policies-and-data/sexual-respect-title-ix/confidential-counselors/>. Please be aware that the College's duties with respect to minors (those under the age of 18) may require reporting sexual misconduct incidents to state agencies and/or local law enforcement. As a result, confidentiality cannot be guaranteed in sexual misconduct incidents involving minors.

DISCLOSURES TO ALLEGED VICTIMS

Kapi'olani Community College will, upon written request, disclose to the alleged victim of a crime of violence, or any crime/incident defined under the Violence Against Women Act, the results of any disciplinary hearing conducted by the College against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the College will provide the results of the disciplinary hearing to

the victim's next of kin, if so requested.

DAILY CRIME LOG

The Campus Safety Office maintains a Daily Crime Log that records all crimes and incidents that occur within the Clery Act defined geographical boundaries. The Daily Crime Log includes the nature, date, time, and general location of each crime reported as well as the disposition of the incident. The Daily Crime Log is available for public inspection at the Campus Security Office ('Ohi'a Building, Room 104).

ASSISTANCE SERVICES

We will provide written notification to students and employees about existing counseling, health, mental health, legal assistance, and other services at the beginning of each semester. A list of available services can be found in Appendix E.

LOCAL POLICE MONITORING OF CRIMES & RECORDING OF CRIMES

The KCC Security Department has a strong working relationship with the Honolulu Police Department. As the primary law enforcement agency, HPD monitors and responds to all crimes reported to them, regardless of location.

HPD maintains a Crime Mapping website that is publicly available for view. The Safety and Emergency Management Manager utilizes the information from this website as an additional means to gather campus crime statistics.

We recommend this Crime Mapping tool to our campus community. This site can provide you with direct access to information that can assist you in making sound personal decisions when living, studying, working, or recreating on the island of O'ahu.

<http://www.honolulupd.org/information/index.php?page=crimemapping>

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Kapi'olani Community College maintains an Emergency Management Plan (EMP) that provides procedures for managing and responding to emergencies that may threaten the health and/or safety of the campus community and/or disrupt the College's programs and activities. The EMP outlines necessary emergency preparedness requirements and identifies organizations and individual positions responsible for emergency preparedness, response, and recovery.

The EMP is designed to provide an organized management system for the campus to follow during times of emergencies. The system is flexible whereby part of or the entire plan may be activated, as appropriate to the situation. Emergency response leadership at Kapi'olani Community College will be provided by the Emergency Management Team (EMT). It is drawn from the College's senior administration, academic leaders, and other key personnel. The EMT is responsible for conveying a team of administrators and information

obtained from campus safety to review emergency situations that may arise and determine how to proceed.

All campus classrooms and faculty and staff offices are required to post and have available the institution's Emergency Reference Guide. The Emergency Reference Guide is a quick reference flipchart that provides step-by-step procedures on various emergency scenarios as well as providing a telephone directory of campus and community resources. Copies of the Emergency Reference Guide are available in the Vice- Chancellor for Administrative Services Office.

On an annual basis members of the campus community are advised that they are required to notify the Campus Safety Department of any significant emergency or dangerous situation which may involve an immediate or ongoing threat to the health and/or safety of students and employees. The Campus Security Office has the responsibility of responding to and summoning the resources necessary to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. The Campus Safety Department has a responsibility to respond to such situations to determine if they do, in fact, pose a threat to the community. If the threat is verified, federal law requires that the institution immediately notify the campus community of this situation.

On an annual basis, the campus shall conduct a test of its emergency response and evacuation procedures. The test may be announced or unannounced. The campus will also publicize its test procedures in conjunction with the at least one test per calendar year. Each test will be documented with a description of the exercise, the date, time and whether it was announced or unannounced.

CAMPUS NOTIFICATION ABOUT AN IMMEDIATE THREAT

Upon confirmation that a significant emergency or dangerous situation poses an immediate threat to the health and/or safety of some or all members of the campus community, the institution will immediately notify the campus community and activate all or a portion of the College's EMP.

Based on information received, confirmation of the significant emergency or dangerous situation shall be primarily conducted by the Campus Safety Officers and Auxiliary Services department staff through physical investigation and as personal safety allows. The information shall be relayed to the Emergency Management Team (EMT). The EMT is comprised of the Vice Chancellor for Administrative Services and other members of the Kapi'olani Community College Administration.

Members of the EMT will collaborate to determine the nature of the emergency, appropriate response plans, and the content of the message that will be delivered to the campus community. Students, faculty and staff shall be immediately notified of all significant emergencies or dangerous situations.

The EMT will initiate the notification systems, unless issuing a notification will, in the

judgment of authorized first responders (e.g., Honolulu Police Department, Honolulu Fire Department, Emergency Medical Technicians), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Various communication methods are used by the campus to alert students, faculty, and staff of emergencies or dangerous situations. Some or all of these methods of communication may be activated in the event of an immediate or ongoing threat to the campus community: emergency text message alerts, prominent postings on the College's website, broadcast email and voicemail, social media outlets (i.e., Facebook, Twitter), "Code Blue" emergency telephone public address system, and emergency broadcast enunciator system. Fliers and other informational materials may also be posted in campus buildings, bulletin boards, and digital signage display screens to inform students, faculty, and staff of ongoing safety concerns.

In the event there is an immediate threat to the health or safety of students or employees occurring on campus, the campus will follow its emergency notification procedures and is not required to issue a timely warning based on the same circumstances. However, the campus will post frequent and regular updates during a critical incident on the College's website main page: <http://www.kapiolani.hawaii.edu/>

Members of the campus community including all students, faculty, and staff, are encouraged to voluntarily enroll in the University of Hawai'i's UH Alert Emergency Notification System. UH Alert includes broadcast email and text message delivery options that may be used to alert the campus community of natural, health, or civil emergencies. The website for UH Alert enrollment is as follows: <http://www.hawaii.edu/alert>

ACCESS AND SECURITY OF CAMPUS FACILITIES

Kapi'olani Community College allows for the use of campus facilities by students, faculty, staff, affiliated organizations, and non-affiliated groups as long as appropriate facility use guidelines are adhered to. The campus closes at 10:00 PM. After 10:00 PM, the College asks that the campus be vacated unless specific arrangements have been made for the campus community and/or the general public to attend educational, cultural, or recreational performances or events. These requests can be made via Facility Use request through the Vice-Chancellor for Administrative Services. If you are present for authorized business or attending a campus sponsored meeting or event after 10:00 PM, you may be questioned as to your activities by a safety officer. This is done to ensure that the campus remains a safe environment, particularly during late night hours. During these times, access for students, faculty, staff, and guests is limited to the facilities in which these authorized meetings or events are held.

The Campus Safety Office will be notified of all meetings and events prior to the day of the event/meeting to address safety and security concerns and to assist in security officer scheduling if necessary.

The College does not have any residences on its campus.

CRIME PREVENTION AND AWARENESS PROGRAMS

The College's crime prevention awareness programs are based upon the dual concept of eliminating or minimizing opportunities for crime while encouraging students and employees to assume responsibility for their own safety and the safety of others by taking common-sense precautionary measures. The following is a listing of the crime prevention programs offered by Kapi'olani Community College:

- **Escort Service:** Campus Safety Officers provide walking escort services for anyone when requested during the evening hours, or as circumstances may require. An escort may be requested by calling x9900 or (808) 734-9900. Security escorts will walk the requestor to a College facility or vehicle parked on, or within the campus boundaries as defined by the Clery Act.
- **Emergency "Code Blue" Call Boxes:** There are emergency "Code Blue" call boxes located throughout the campus. When activated, the caller will be automatically connected to a campus safety officer for service or assistance. "Code Blue" call boxes are tested weekly and are located in the following areas: Parking Lot B, Parking Lot C, Alani building, Iliahi building, Kauila building, Lama Library, Mamane building, Ohelo building, and Olona building.
- **Facilities and Grounds Surveys:** All potential safety and security hazards observed by security officers are promptly reported to the appropriate individual/unit for corrective action. The supervisors assigned to both Campus Safety and Auxiliary Services participates in the review of safety issues and related concerns.
- **Crime Prevention and Safety Outreach Programs:** Various crime prevention and safety educational and informational programs are delivered to students and employees through various outlets including, but not limited to, the following; the Annual Security Report, the College website, special workshops, seminars, and presentations, email notification, the campus bulletin, crime prevention and awareness posters and packets, bulletin boards, and digital signage display screens. These programs focus on developing sound personal safety and property protection habits and to actively practice crime prevention. Periodically, in cooperation with other college or University of Hawai'i units and departments, seminars are presented on sexual assault, harassment, workplace violence, and other crime awareness and prevention topics.

¹In Hawaii, the age of consent is sixteen (16) generally, or the age of consent is between fourteen (14) and fifteen (15) when either the other person is less than five (5) years older or when the other person is legally married to the person between the ages of fourteen (14) and fifteen (15). See Haw. Rev. Stat. § 707-732.

Dating Violence is violence committed by a person, who is in or has been in a social relationship of a romantic or intimate nature with the Complainant.

The existence of such a relationship shall be determined based on the Complainant's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition:

- (1) Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
- (2) Dating violence does not include acts covered under the definition of domestic violence.

Domestic Violence is violence committed by a current or former spouse or intimate partner of the Complainant, by a person with whom the Complainant shares a child in common, or by a person who is cohabitating with, or has cohabitated with, the Complainant as a spouse or intimate partner, or by a person similarly situated to a spouse of the Complainant under the domestic or family violence laws of Hawaii, or by any other person against an adult or youth Complainant who is protected from that person's acts under the domestic or family violence laws of Hawaii.

Stalking is engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety, or the safety of others; or suffer substantial emotional distress. For the purposes of this definition:

- (1) Course of conduct means two or more acts, including, but not limited to, acts in which the Respondent directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
- (2) Reasonable person means a reasonable person under similar circumstances and with similar identities to the Complainant.
- (3) Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

Consent means knowing, and voluntary, and clear permission by word or action to engage in sexual activity.

A person cannot give Consent if the person is under the age of consent for sexual activity, the person is developmentally or intellectually disabled, or the person is mentally incapacitated or physically helpless.

Lack of protest or resistance cannot be interpreted as Consent. Silence cannot be interpreted as Consent. Consent must be ongoing throughout any sexual activity and can be revoked at any time.

The existence of a dating relationship, domestic partnership or marriage between the

persons involved, or the existence of past sexual relations between the persons involved, is never by itself an indicator of Consent.

Incapacitation occurs when someone cannot make rational, reasonable decisions because they lack the capacity to give knowing/informed consent (e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction). Incapacitation is determined through consideration of all relevant indicators of an individual’s state and is not synonymous with intoxication, impairment, blackout, and/or being drunk. Incapacitation also covers a person whose incapacity results from a temporary or permanent physical or mental health condition, involuntary physical restraint, and/or the consumption of incapacitating drugs. A person cannot consent if they are unable to understand what is happening or is disoriented, helpless, asleep, or unconscious, for any reason, including by alcohol or other drugs. A Respondent violates this policy if they engage in sexual activity with someone who is incapable of giving consent.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to preserve relevant evidence by saving text messages, instant messages, social networking

pages, other communications, and keeping pictures, logs or other copies of documents, if they have any. Victims of sexual assault, domestic violence, stalking and dating violence are also encouraged to preserve physical and medical evidence as may be necessary to the proof of criminal domestic violence, dating violence, sexual assault or stalking or in obtaining a protection order.

Reporting the Alleged Offense

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to report to Campus Safety or the campus's Title IX Coordinator. They can be reached at:

Campus Safety

24/7 Phone: (808) 734-9900

Web page: <https://www.kapiolani.hawaii.edu/campus-safety/>

Title IX Coordinator

Law Enforcement Involvement and Reporting to Law Enforcement

Victims of sexual assault, domestic violence, stalking, and dating violence have the option of notifying law enforcement directly of the alleged offense, or to be assisted in doing so by campus officials. Victims may also choose to decline to notify law enforcement. Please be aware that Kapi'olani Community College's duties with respect to minors (those under the age of 18) may require reporting sexual misconduct incidents to state agencies and/or local law enforcement. As a result, confidentiality cannot be guaranteed in sexual misconduct incidents involving minors.

Protective Orders

You have a right to live in a safe environment, free from the threat of harm from a family member or acquaintance. If someone you know is engaging in a pattern of harassment (including physical or sexual violence, verbal threats, property damage or stalking), you can seek protection by obtaining a temporary restraining order (TRO) against the perpetrator. If you need to extend your protection for up to three years, you can obtain a Protective Order, which sets guidelines aimed at protecting you. This can include prohibiting the defendant from calling or visiting you.

The College cannot apply for a TRO or Protective Order on behalf of a victim. The victim must apply for these orders through the State Judiciary system as follows:

- File through Family Court if the defendant, is or was married to you, had a child with you, lives or lived with you, has or had a dating relationship with you, or is related to you by blood.

Kapolei Judiciary Complex
4675 Kapolei Parkway
Kapolei, HI 96707-3272
Phone: 808-954-8000

- File through District Court if the defendant was never married to you, did not have a child with you, has never lived with you, never had a dating relationship with you, or is not related to you by blood.

Kauikeaouli Hale
1111 Alakea Street
Honolulu, HI 96813

Any victim who obtains a TRO or Protective Order from the State should provide a copy to the Campus Public Safety Department. The CPSD will then meet with the victim to develop a safety plan to reduce the victim's risk of harm while on campus. This plan may include security escorts and other arrangements.

SEX DISCRIMINATION AND GENDER-BASED VIOLENCE EDUCATIONAL PROGRAMS

In an effort to reduce the risk of gender-based violence, as well as the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence occurring among its students, Kapi'olani Community College utilizes a range of campaigns, strategies, and initiatives.

It is the policy of Kapi'olani Community College to offer programming to identify and prevent domestic violence, dating violence, sexual assault, and stalking each year. Programs to prevent dating violence, domestic violence, sexual assault, and stalking means comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that –

- Are culturally relevant, inclusive of diverse communities and identities sustainable, responsive to community needs, and informed by research or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

Programs to prevent dating violence, domestic violence, sexual assault, and stalking include both primary prevention and awareness programs directed at incoming students and new employees and ongoing prevention and awareness campaigns directed at students and employees. Kapi'olani Community College's programming efforts include both primary prevention and awareness programs.

Primary prevention programs are defined as programming, initiatives and strategies

intended to stop dating violence, domestic violence, sexual assault and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

Awareness programs are defined as community-wide or audience-specific programming, initiatives and strategies that increase audience knowledge, and share information and resources to prevent violence, promote safety and reduce perpetration.

Ongoing prevention and awareness campaigns mean programming initiatives and strategies that are sustained over time.

Kapi'olani Community College's primary prevention and awareness programs and ongoing prevention and awareness campaigns, included but are not limited to:

TRAINING FOR INCOMING STUDENTS AND EMPLOYEES

All incoming students and new employees at Kapi'olani Community College are provided access to online training. Students and employees are also afforded the opportunity to take these trainings on an annual basis.

Students are offered the opportunity to take "EverFi - Sexual Assault and Prevention Online Student Training Program." This course takes approximately 1-2 hours to complete. Students will learn about sex discrimination, gender-based violence, and the rights and resources available to them on campus and in the community. The curriculum covers Title IX, VAWA, and relevant Hawai'i State statutes. This training establishes standards for what constitutes sexual violence and how to respond to problematic situations. Because these problems occur on both an intimate and institutional level, the training takes a look at these issues from a personal and academic lens. There are six parts to the training:

Section 1: Values, Identities, and Relationships: Abusive language and behavior can violate a person's identity and values. It's important to treat everyone with the respect they want and deserve. In this section we will: Reflect on our personal values; analyze how we perceive our personal identities; recognize how values and identities influence and impact our relationships; explore the importance of being mindful of the values and identities of others, even if they are different than yours.

Section 2: Identities and Stereotyping: A stereotype is an over-generalization — a shortcut used to make a quick judgment about someone's identity based on things that can easily be observed: how they look, how they act, the way they talk, or what they like. In this section we will: recognize when stereotypes are negatively impacting how we think about or treat someone; learn how gender stereotypes can impact how we think about and respond to sexual violence; identify the potential impacts of gender stereotypes as it relates to preventing sexual violence.

Section 3: Our Values and Relationships: Relationship abuse comes in many forms, and it may be difficult to recognize the signs. An abusive partner often exercises more than one form of control at the same time and frequently uses different tactics over the course of a relationship. In this section we will: explore the dynamics of relationship abuse; review forms of relationship abuse and signs of each; identify the warning signs and safety strategies for targets of digital abuse.

Section 4: Consent, Coercion, and Stepping In: You make decisions, set boundaries, and respect other people's choices in your day-to-day life. Anytime you do something with anyone, whether it's grabbing some food or watching a movie, it's important that you're both in agreement about — consent to — what you're doing. In this section we will: explore the role of communication in healthy relationships; review examples of what a respectful conversation about sexual activity might look like; identify strategies to potentially prevent a problematic situation from occurring or escalating. This section of training also includes information on options for bystander intervention.

Section 5: Sexual Harassment and Stalking: Sexual harassment and stalking are similar in many ways. In this section, we will: learn how to recognize and address sexual harassment and stalking; identify what to do if you or someone you care about is affected by these issues.

Section 6: Reporting and Responding: Being present and truly listening are important skills in communicating with friends and intimate partners, as well as in supporting those who have been sexually assaulted or abused. Your supportive response to a friend can make a critical difference in their healing process. In this section we will: explore how to support survivors by listening and discussing reporting options; learn how to access resources for additional support; explore how to empower others to make their own choices about their experience.

Employees are strongly encouraged to participate in the online training: "Preventing Harassment and Discrimination." This two-hour course trains employees to recognize, prevent, and respond to workplace harassment and discrimination based on "protected characteristics." Preventing Harassment and Discrimination invites employees to consider the nature of harassment and discrimination, and provides practical tips on creating a safe, inclusive environment for work, including safe and positive options for bystander intervention. In addition, employees learn how to identify and report sexual and interpersonal misconduct against students, covering awareness and prevention subjects required by Section 304(a)(5) of the Violence Against Women Reauthorization Act of 2013 (known as the "Campus SaVE Act"), as well as Title IX of the Education Amendments Act of 1972. In addition, as required by the Campus SaVE Act, the course includes summaries of

the legal definitions of consent, sexual assault, domestic violence, dating violence, and stalking, and provides copies of the relevant statutes for Hawai'i. There are seven modules in this training:

Module 1: Building Positive Workplaces: This section introduces learners to the course topics, functionality, and the idea of positive workplace culture in which everyone plays a role. This section also introduces bystander intervention.

Module 2: Developing Awareness and Recognizing Discrimination: This module introduces learners to the concept of developing awareness in the context of discrimination, protected categories, and bias in the workplace. They also learn about the personal and professional impacts of discriminatory behavior, and topics such as inclusivity and equity.

Module 2s: Developing Awareness and Recognizing Discrimination: The supervisor-only module prepares learners with supervisory duties to set a positive example for their employees, identify and respond to problematic behavior, be aware of discriminatory biases in the context of hiring, promotion, termination, etc., and provide reasonable accommodations to employees with disabilities or other individual needs.

Module 3: Cultivating Attitudes and Identifying Harassment: This module allows learners to explore the attitudes that people bring to the workplace, and those that they expect from their colleagues. They also learn about the spectrum of behavior that can lead to harassment, and steps to prevent harassment. With a focus on cultivating positive, productive attitudes in the workplace, this module addresses barriers to intervention and problematic behaviors, including microaggressions, hostile work environments, quid pro quo harassment, and abusive conduct (bullying).
Module 3s: Leading Workplaces Resistant to Harassment: In this module, learners with supervisory duties will be prepared to promote a respectful workplace culture, communicate and support their employees, and intervene when appropriate. Supervisors also review the consequences of harassment, including legal implications, and their duty to report misconduct.

Module 4: Taking Action Against Retaliation: This module introduces learners to the steps that can be taken to address a broad range of potential or actual harmful conduct, and available remedies and penalties to hold offenders accountable.

Module 4s: Leading Workplaces Resistant to Retaliation: This supervisor-only module prepares learners with supervisory duties to lead in the workplace by modeling appropriate responses to troubling behaviors, and addresses legal obligations to take action in situations involving retaliation and other misconduct.

Module 5: Maintaining Positive Workplaces: This section concludes the course by reinforcing the elements of bystander intervention and why a positive workplace culture matters.

Module 6: Building Supportive Communities: This module prepares faculty and staff to provide supportive and effective responses when someone may have experienced sexual violence, relationship abuse or violence, or stalking. Legal definitions of sexual harassment, including consent, sexual assault, dating and domestic violence, and stalking, are provided, and scenarios present situations to show how these behaviors manifest. Interactions give learners an opportunity to practice identifying signs that someone may be experiencing abuse or violence, how to respond in a supportive manner, what are the available reporting options, and what may occur after a report is made.

Module 7: Conclusion: This module provides the learner with a brief review of content covered in Module 6.

Both *EverFi* and *Preventing Harassment* include:

- A statement that Kapi’olani Community College prohibits the crimes of dating violence, domestic violence, sexual assault and stalking as those terms are defined for purposes of the *Clery Act*.
- The definitions (from VAWA) of “domestic violence,” “sexual assault” and “stalking.”
- The definitions of “domestic violence,” “sexual assault” and “stalking” as those terms are defined by the *Hawaii Revised Statutes*. “Dating violence” and “consent” are not terms that are defined by the *Hawaii Revised Statutes*.
- The definition of “consent” used by Kapi’olani Community College in applying EP 1.204.
- A description of the procedures Kapi’olani Community College will follow when dating violence, domestic violence, sexual assault, and/or stalking is reported.
- A description of safe and positive options for bystander intervention. Bystander intervention is defined as safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes:
 - Recognizing situations of potential harm;
 - Understanding institutional structures and cultural conditions that facilitate violence;
 - Overcoming barriers to intervening;

- Identify safe and effective intervention options; and taking actions to intervene.
- Information on risk reductions. Risk reduction is defined as options designed to:
 - Decrease perpetration and bystander inaction;
 - Increase empowerment for victims in order to promote safety; and
 - Help individuals and communities address conditions that facilitate violence.

Other prevention and awareness initiatives include:

- a. **PAU Violence program.** During the Fall and Spring semesters, Kapi'olani hosts events as a part of the PAU Violence program. PAU Violence is a University of Hawai'i system-wide program supported by the Hawai'i State Department of Health, Maternal and Child Health Branch. The Women's Center at UH Mānoa assists in coordinating, supporting and strengthening all system campus efforts with prevention education, events and trainings that raise awareness on issues of gender-based violence. These events include resource fairs, social media campaigns, suggested curriculum activities for instructional faculty, target training, and art projects.
- b. **First Year Orientation.** As a part of the first-year orientation, Kapi'olani Community College's Title IX and PAU Violence program present to incoming students on Kapi'olani Community College's policies and resources regarding sex assault, domestic/ dating/intimate partner violence, sexual harassment and stalking.
- c. **Peer Education Programs.** Kapi'olani Community College also provides training to peer educators and student leaders. Student leaders are taught to present training on healthy relationships, campus and community resources, and reporting options.

RISK REDUCTION – AWARENESS AND PREVENTION

Sexual misconduct and other forms of gender violence can affect anyone and is never the fault of the victim. Those who commit sexual misconduct are responsible for their actions. The University provides the following suggestions to increase awareness and reduce instances of sexual misconduct.

Awareness & Prevention for Dating Violence, Domestic Violence, Stalking, and Sexual Violence include:

- Look out for your friends and ask them to look out for you. Respect them and ask them to respect you but be willing to challenge each other about high-risk choices.
- Alcohol and drugs can be used as a tool to gain control over an intoxicated person. Don't accept drinks from strangers and don't leave your drinks unattended.
- Don't take advantage of someone who may be under the influence of drugs or

alcohol. Others' loss of control does not put you in control.

- Individuals have a right to set boundaries and limitations in their intimate experiences and relationships. Consent is required each and every time. If a potential partner says "no," accept it and don't push.
- If you want a "yes," ask for it, and don't proceed without clear permission.
- Know the signs of isolating and controlling behavior. Healthy relationships consist of honesty, respect, trust, equality, and shared responsibility. Violence in a relationship is never deserved.
- Show your potential partner respect if you are in a position of initiating sexual behavior.
- Clearly communicate your intentions to your potential sexual partners. Make sure you understand their intentions and/or boundaries before you proceed. If you are unsure what's OK in any interaction, ask.
- Understand that consent to one type of sexual behavior does not automatically grant consent to other types of sexual behaviors. If you are unsure, stop and ask.
- Avoid ambiguity. Don't assume you have consent, regardless of whether someone is attracted to you, of how far you can go with that person, or if the individual is physically and mentally able to consent. If you have questions or are unclear, you don't have consent.
- Someone's silence or passivity is not consent. Pay attention to verbal and non-verbal signals to avoid misreading intentions.
- Be on the lookout for mixed messages. That should be a clear indication to stop and talk about what your potential partner wants or doesn't want to happen. That person may be undecided about how far to go with you, or you may have misread a previous signal.
- Respect the timeline for sexual behaviors with which others are comfortable, and understand that they are entitled to change their minds.
- Even if you don't think you are intimidating in any way, your potential partner may be intimidated by or fearful of you, perhaps because of your sex, physical size, or a position of power or authority you may hold.
- Understand that exerting power and control over another through sex is unacceptable conduct.

Remember it's always ok to ask for help. There are resources on campus and in the community that are there to assist you whether you are concerned about an incident that happened to you or a friend, the safety of your relationship, or your own choices and behaviors.

RISK REDUCTION – BYSTANDER INTERVENTION

Most people want to be engaged bystanders and help in difficult or uncomfortable situations but incorrectly assume someone else will act.

What is Bystander Intervention? Bystander Intervention is a strategy based on the likelihood of individuals or groups willing to address a situation they believe is problematic. It is often used to address various types of violence, such as bullying, sexual harassment, sexual assault, intimate partner violence, stalking and other forms of gender-based violence. You are a bystander if you observe a situation. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and acting to intervene.

What Can You Do to be an Engaged Bystander?

Specific interventions can be divided into four main types (“The Four D’s”)

1. DIRECT: Say or do something that directly engages one or more of the parties involved.
2. DISTRACT: Say or do something to interrupt the interaction.
3. DELEGATE: Ask for the help of someone else who may be better able to intervene.
4. DELAY: Check in with the victim or do something after the difficult moment or incident has passed.

Things to Consider Before You Act:

1. Is the situation an emergency or nonemergency?
2. Should intervention be direct, indirect or both? To ensure intervention is safe, Kapi’olani Community College encourages bystanders to evaluate the risk of intervening. **If intervening means putting yourself in danger, call 911 instead.**

PROCEDURES IN CASE OF DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT OR STALKING

Kapi’olani Community College is committed to preventing dating violence, domestic violence, sexual assault, and stalking. Kapi’olani Community College offers the following crime prevention programs: (i) Escort Services; (ii) Emergency “Code Blue” Call Boxes; (iii) Facilities and Grounds Surveys; and (iv) Crime Prevention and Safety Outreach Programs. For additional information on these programs please refer to the Crime Prevention Awareness section of this report. Furthermore, Kapi’olani also offers ongoing primary prevention and awareness programs. For additional information on these programs please refer to Sex Discrimination and Gender-Based Violence Education Programs section of this report.

Confidentiality Statement

Kapi’olani Community College will protect the confidentiality of victims and other necessary parties. Identifying information provided to Kapi’olani Community College’s Confidential Resources are not disclosed without the written consent of the individual. Campus Security is responsible for ensuring there is no personally identifying information about the victim in the Daily Crime Log and other publicly available *Clery* records.

The University of Hawai'i Legal Affairs and University General Counsel Office may be consulted in situations where the release of information under open records requests may include the names of the parties or information that could easily lead to their identification, to ensure appropriate redactions are made, if any.

Supportive Measures

Supportive Measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the University's educational programs and/or activities without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the University's educational environment, or deter sexual harassment.

Violations of the terms of supportive measures may be considered a separate conduct violation and may be referred to the appropriate student or employee conduct processes for enforcement, investigation, and possible sanction or the Title IX Coordinator may combine allegations of violations of the terms of supportive measures with a formal complaint of Title IX sexual harassment under Interim EP 1.204.

Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

The University may provide supportive measures regardless of whether a formal complaint is filed, or whether the Grievance Process is engaged. These measures may also be instituted to protect all parties during a Grievance Process, including investigation, decision-making, and appeals. The University will act to ensure as minimal an academic impact on the parties as possible.

Emergency Removal

The University may remove a Respondent entirely or partially from its education program or activities on an emergency basis if an individualized safety and risk analysis is made, a determination is made that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment, as defined in Interim EP 1.204, justifies removal, and notice is provided to the Respondent and they are given an opportunity to challenge the decision immediately following the removal.

The University will implement the least restrictive emergency actions possible in light of the circumstances and safety concerns. Where an emergency removal is imposed, the Respondent will be given an opportunity to meet with the Title IX Coordinator, and any other appropriate official, within twenty-four (24) hours of receiving notice of the emergency removal to explain why the action/removal should not be implemented or

should be modified. A Respondent may be accompanied by an Advisor of their choice to the meeting.

Procedures for Institutional Disciplinary Action In Cases Of Alleged Dating Violence, Domestic Violence, Sexual Assault, Or Stalking.

The Title IX Coordinator will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to local law enforcement. Students and employees should contact the Title IX Coordinator for more information about or to request these kinds of accommodations. If a report of domestic violence, dating violence, sexual assault or stalking is reported to the College, below are the procedures that the Title IX Coordinator will follow:

This written explanation includes notification of victims about options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures. This written explanation also includes notification to students and employees about existing resources available for victims within the institution and within the larger community.

An electronic copy of this written explanation is available at

Complaint Resolution Process

Kapi'olani Community College's disciplinary process includes a prompt, fair, and impartial investigation and resolution process. In all instances, the process will be conducted in a manner that is consistent with University policy and that is transparent to the accuser and the accused.

Interim EP 1.204 and AP 1.204 are a policy and procedure that establish a prompt, fair, and impartial investigation and resolution process, from the initial investigation to the final result.

Interim AP 1.204 includes reasonably prompt timeframes and allows for the extension of timeframes for good cause with written notice to the accuser and the accused of the delay and the reason for the delay.

Advisors

Advisor means an individual chosen by a party or appointed by the University, as applicable, to accompany the party to meetings related to the grievance process, to advise the party on that process, and/or to conduct cross-examination for the party at the live hearing, if any.

The parties may have an advisor of their choice during the grievance process, including during initial meetings or interviews and investigative meetings or interviews.

The University generally expects an advisor to be available to attend University meetings when planned but may change scheduled meetings to accommodate an advisor's schedule, if doing so does not cause an unreasonable delay.

Advisors shall not disrupt proceedings. If the advisor is disruptive or otherwise fails to respect the limits of the advisor role, the meeting will be ended, or other appropriate measures implemented. Advisors are expected to comply with all University policies and procedures.

Advisors shall maintain the privacy of any information, including documents, shared with them. Such information shall not be shared with third parties, disclosed publicly, used outside of the grievance process, and/or used for unauthorized purposes. The University may restrict the role of any advisor who fails to abide by the University's privacy expectations.

Informal Resolution

Any time after a formal complaint has been submitted, and prior to reaching a determination following a hearing, the Complainant and Respondent may agree to informally resolve the complaint through an alternate resolution mechanism, such as, but not limited to, facilitated discussions, mediation, ho'oponopono, etc. Informal resolution is not available unless a formal complaint has been filed.

Informal resolution is not available where it has been alleged that an employee sexually harassed a student. Any party participating in informal resolution can stop the process at any time and choose to begin or resume the grievance process.

Prior to facilitating an informal resolution, the University will provide the parties with a written notice disclosing: (1) The allegations; (2) The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and (3) Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared by the University.

The University will obtain voluntary, written confirmation that all parties wish to resolve the matter through an informal resolution before proceeding and shall not pressure the parties to participate in informal resolution.

The Title IX Coordinator will keep a record of any resolution that is reached, and failure to abide by the resolution agreement may result in appropriate responsive/disciplinary actions.

Notice of Allegations and Investigation

Upon receipt of a formal complaint, the Title IX Coordinator will provide written notice of the allegations and investigation to the parties. The notice will include:

- a. Information about and a copy of this procedure, including the informal resolution process;
- b. The identity of the involved parties (if known);
- c. A summary of the allegations, including sufficient details known such as the conduct allegedly constituting sexual harassment under EP 1.204, the date and location of the alleged incidents, if known at the time;
- d. A statement that Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- e. Statement that the parties may have an advisor of their choice;
- f. Information that the parties may inspect and review all directly related evidence during the review and comment period;
- g. A statement regarding the code of conduct and consequences for making false statements;
- h. Any other policies and/or procedures implicated, with a copy of those policies and procedures;
- i. A statement about the University's policy on non-retaliation;
- j. The name(s) of the investigator(s) and their contact information.

Amendments and updates to the notice may be made as the investigation progresses and more information becomes available regarding the addition or dismissal of various charges.

Notice will be made in writing. Once mailed or emailed, notice will be presumptively delivered.

Appointment of Investigators

Upon commencing an investigation into a formal complaint, the Title IX Coordinator will appoint an Investigator(s). The Title IX Coordinator will vet the assigned Investigator(s) to ensure there are no actual or apparent conflicts of interest or disqualifying biases.

Steps in the Investigation Process

The Investigator(s) will:

- a. Interview the Complainant, Respondent, relevant witnesses, and individuals with unique knowledge pertinent to the allegations in the notice of allegations and investigation, in order to gather and ascertain case facts and circumstances; and

- b. Collect all relevant evidence including documents, notes, electronic records, photographs, and any other materials relevant to the investigation offered by any party or witness and will seek to collect relevant evidence from other sources; and
- c. Prior to the conclusion of the investigation, provide the parties an opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations, including the evidence upon which the recipient does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation; and
- d. Prior to the completion of the investigative report, send to the parties and their advisors, if any, the evidence directly related to the allegations that is subject to inspection and review, in an electronic format or a hard copy¹ and provide them with ten (10) business days to submit a written response;
- e. Consider the parties' written comments on the evidence prior to completion of the investigative report; and
- f. Create an investigative report that fairly summarizes relevant evidence.

Investigation Timeline

The Investigator(s) shall seek to complete the first two steps of investigation process, outlined above, within ninety (90) business days of their assignment. Some investigations may take longer, depending on the nature, extent, and complexity of the allegations, availability of witnesses, etc.

The University will make a good faith effort to complete investigations as promptly as circumstances permit. If an extension becomes necessary for good cause, the Investigator(s) will notify the parties in writing of any extension and the reason for the extension.

Good cause may include, but is not limited to, ensuring the integrity and completeness of the investigation, complying with a request by external law enforcement, accommodating the availability of witnesses, or delays by the parties, or for other legitimate reasons.

Live Hearings Under Interim AP 1.204

Upon completion of the investigation, and provided the complaint is not resolved through other means, the Title IX coordinator will refer the matter for a live hearing. At least fifteen (15) business days prior to a hearing, the Title IX Coordinator will send to each party and the party's advisors, if any, the final investigative report for their review and written response. If a party chooses to provide a written response, it must be provided to the Title IX coordinator at least five (5) business days before the hearing. Any evidence obtained in the investigation that is directly related to the allegations, including the evidence upon which the University does not intend to rely, will be available at the hearing for the parties to inspect and review. Evidence that was not gathered and presented during the investigation cannot be introduced at the hearing, unless good cause can be shown as to why the evidence was not previously provided. The Title IX Coordinator may serve as an administrative facilitator of the live hearing if their previous role(s) in the matter do not create a conflict of interest.

Otherwise, a designee may fulfill this role.

Appointment of Decision Maker

The Title IX Coordinator has the discretion to designate a single Decision Maker or a three-member panel. If a panel is used, the Title IX Coordinator will appoint one of the three members as the Chair of the hearing. The Decision Maker or panel members will not have had any previous involvement with the investigation.

Determination Regarding Responsibility

The Decision Maker(s) will make an objective evaluation of all relevant evidence to decide whether, by a preponderance of the evidence, the Respondent is responsible or not responsible for each of the alleged policy violation(s) in question. If a panel is used, a simple majority vote is required for each finding, including sanctions.

If there is a finding of responsibility, the Decision Maker(s) will consult with other appropriate administrators as necessary to review any pertinent disciplinary/conduct history and to decide on appropriate sanction(s).

The Decision Maker(s) shall seek to issue a written determination within thirty (30) business days of completion of the hearing. The determination must be provided to the parties simultaneously and must include the following:

- a. Identification of the allegations potentially constituting sexual harassment under EP 1.204;
- b. A description of the procedural steps taken from receipt of the formal complaint through the determination, including any notification to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- c. Findings of fact supporting the determination;
- d. Conclusions regarding the application of the EP 1.204 to the facts;
- e. A statement of and rationale for the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions imposed on the Respondent, and whether remedies designed to restore or preserve equal access to the University's education program or activity will be provided to the Complainant;
- f. The procedure and permissible bases for both parties to appeal the determination.

Relevant information remains on an employee's personnel records in accordance with the applicable collective bargaining agreement.

Appeals

Both parties have equal rights to an impartial appeal from the University's dismissal of a formal complaint or any allegation therein or from a determination of responsibility under Interim EP 1.204 and AP 1.204.

For an appeal to be considered timely, it must be submitted to the Title IX coordinator within five (5) business days after the date the written determination was received by the parties.

An appeal shall be in writing, cite the basis for the appeal, and explain why the party believes there is a basis for the appeal.

Appeals are limited to the following bases:

- a. Procedural irregularity that affected the outcome of the matter;
- b. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- c. The Title IX coordinator, investigator(s), or decision maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the specific complainant or respondent that affected the outcome of the matter.

If an appeal is filed, the Title IX coordinator will notify the other party in writing of the appeal and the basis. The other party may submit a response to the appeal within five (5) business days from the date they received the appeal.

Within five (5) business days of the deadline for a response, the Title IX Coordinator shall forward the appeal, any response, and the record to an appropriate appeals officer, who is not the same person as the Decision Maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator.

The appeals officer will examine the information presented. Within twenty (20) business days from the date the appeals officer received the information, the appeals officer will:

- a. Deny the appeal and uphold the original decision;
- b. Grant the appeal and remand the case because of procedural irregularities that affected the outcome of the matter;

- c. Grant the appeal and remand the case because new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made could affect the outcome of the matter;
 - d. Grant the appeal and remand the case because the Title IX Coordinator, investigator(s), or decision maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the specific complainant or respondent that affected the outcome of the matter;
- or

The appeals officer shall draft a determination of appeal explaining the rationale for the determination. The determination of appeal shall be promptly sent to the parties simultaneously.

Standard of Review – Preponderance of the Evidence

HEALTH RISKS ASSOCIATED WITH SUBSTANCE ABUSE

Kapi'olani Community College encourages employees and students to be aware of the health risks associated with substance abuse. In general, the health risks related to the abuse of alcohol and other drugs are both direct and indirect. The direct pharmacological effects of substances on the body influence every organ, particularly the brain, liver and cardiovascular system. Death and injury from drug-related accidents, suicide and homicide are some of the indirect health effects. It is estimated by the National Institute of Alcohol Abuse and Alcoholism that annually 88,000 people in the U.S. die from alcohol-related problems alone. Physical effects may be immediate and acute, as in drug overdose, or long-term and chronic, as in alcohol-related liver disease or neurological impairment. For

possible effects associated with controlled substances, refer to the Drug Facts at the United States Drug Enforcement Administration website available at <https://www.dea.gov/factsheets>.

DRUG AND ALCOHOL COUNSELING, TREATMENT, AND REHABILITATION PROGRAMS

Kapi'olani Community College encourages employees and students to seek assistance in overcoming drug or alcohol abuse. Early recognition and treatment are important for successful rehabilitation. Students may contact their campus Vice Chancellor for Students for assistance regarding counseling and treatment referral services. APPENDIX B – CAMPUS SECURITY AUTHORITIES

Students, faculty, and staff are encouraged to report any criminal offenses within the campus boundaries to the Campus Safety Department. As an option, criminal offenses may also be reported to campus officials who are designated as Campus Security Authorities or CSAs. The Clery Act defines four groups of individuals and organizations associated with an institution as CSAs:

- A campus police department or a campus security department of the institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property).
- Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.

The following is a listing of the College's CSA's who are required to immediately notify the Campus Security Office of any crime reported to them or any crime that they may have knowledge of for the purpose of making timely warning reports and the annual statistical disclosure:

APPENDIX D – CAMPUS PREVENTION AND SAFETY TIPS

Kapi'olani Community College is firmly committed to providing a safe and secure learning and working environment. Policies and procedures are designed to ensure that every possible precautionary measure is taken to protect persons and property. Please be aware, however, that preventive efforts on your part can effectively reduce your chances of becoming a victim of a crime-related event. Criminals often act when opportunities to commit crimes present themselves. By taking proactive precautions, such opportunities may be minimized. All students and employees are encouraged to be responsible for their own safety and security, as well as for others. A successful campus safety awareness program needs the cooperation, involvement, and support of all students, faculty, and staff. Please exercise these simple, common sense precautions while on campus:

- Park and walk in lighted areas; use the “buddy system” by walking with others; use the campus escort service.
- Report any suspicious persons or activities; report all incidents no matter how minor; report injuries or damages immediately.
- Be careful when using elevators; exit the elevator if a suspicious person enters the elevator.
- Be sure to lock and secure windows and doors in your office and room; lock your vehicles; secure bicycles; store valuables out of sight of others.
- Never loan keys to anyone; they may be lost, stolen, or duplicated.
- Mark or engrave your belongings; do not leave your belongings/valuables unattended.
- Register your bicycle/moped with the City and County License Registration Department.
- Let someone know that you are working odd hours or will be in the building after normal business hours.
- Familiarize yourself with the locations of telephones, emergency “Code Blue” call boxes, and the Campus Safety Office.
- Keep alert; be aware of your surroundings.
- Walk briskly; be aware of anyone walking behind you.
- Have your keys ready when approaching your vehicle so that you can minimize the time to get into your vehicle.
