HEALTH CARE STUDENT NOTIFICATION

Due to the complex nature of the health care industry, the University-affiliated health care facilities have implemented various rules, policies and procedures that must be met and adhered to by nursing students at Kapi‘olani Community College. As such, nursing students are required to complete University-prescribed requirements that involve clinical practice in a University-affiliated health care facility with no substitution allowed. In addition, it is the responsibility of the student to satisfactorily complete affiliated health care facility criminal background checks and drug testing requirements in accordance with procedures and time lines as prescribed by the affiliated health care facility. If a clinical facility does not give permission for a Kapi‘olani CC nursing student to complete his/her clinical practicum in the facility, the nursing student will not be allowed to continue with their clinical assignment and the nursing course. Furthermore, the Nursing Department at Kapi‘olani Community College is not obligated to find an alternative clinical placement for the student. Failure of a student to complete the prescribed clinical practice shall be deemed as not satisfying academic program requirements, such that the student will be required to withdraw from the nursing program.

KAPI‘OLANI CC NURSING PROGRAM CAREER LADDER

After completing the Associate in Science Degree in Nursing (LPN-RN Transition) program, nursing graduated students may continue their nursing education in pursuit of the Bachelor’s of Science in Nursing (BSN) via the RN-BSN transition programs at UH-Mānoa or UH-Hilo after completing the pre-admissions course requirements.

SELECTION PROCESS

Selection is made on a BEST QUALIFIED, FIRST ACCEPTED basis. Applicants with the highest scores will be admitted into the LPN-RN Transition program. All qualified applicants will be ranked for admissions based on combined scores of the three areas below. In the event that several students achieve the same ranking, admission will be determined anonymously by random selection.

- ATI-TEAS Exam Total Score;
 - Grade point ratio (GPR) for prerequisite general education courses;
 - Number of and grade point ratio (GPR) for co-requisite/support courses;
- Applicants with a cumulative grade point ratio (GPR) below 2.0 (who are on probation/suspension at Kapi‘olani Community College) will not be considered for selection or admission to the program. Kapi‘olani Community College is a state-funded institution such that residents of the state of Hawai‘i receive selection priority before qualified non-residents (including military or faculty exempt students). Changes to an applicant’s tuition status in terms of changing from non-resident to resident must be completed before the application deadline. Applicants not accepted into the program must reapply and resubmit required information.

SATELLITE CAMPUS SITE COHORT

The Kapi‘olani CC nursing program in its entirety with all complementary support services is offered each Fall and Spring at the Kapi‘olani CC Diamond Head (DH) campus site and the Leeward Community College (LCC) off-campus instructional site based on the availability of instructors.
