

ARTICULATION AGREEMENT
BETWEEN KAPIOLANI COMMUNITY COLLEGE AND
CHAMINADE UNIVERSITY OF HONOLULU

This agreement establishes a transfer articulation between Kapiolani Community College (KCC) and Chaminade university of Honolulu's (CUH) undergraduate courses to allow KCC students who have successfully completed courses at KCC to transfer to Chaminade to pursue either an Associate's degree or Bachelor's degree in one of Chaminade's degree programs. It establishes an agreement for the transfer of students and the transfer of credits from KCC to CUH.

The objectives of the articulation are to assure that the transfer student is prepared for academic work at their new campus, and that courses taken at KCC will transfer seamlessly to CUH.

Entry Requirements

The minimum requirement for transfer from KCC to CUH is a cumulative GPA of 2.0. Students will need to request that their official KCC transcript be mailed to CUH's records office at the time of application.

Tuition & Fees

For students enrolled in courses required for completion of any degree at Chaminade, students will pay the Chaminade tuition and fees in force at the time of their initial enrollment at CUH. Chaminade tuition rates for adult programs, day undergraduate programs and graduate programs are published annually in the Chaminade University catalog found at www.chaminade.edu/catalog.

Financial Aid

KCC students transferring to Chaminade are encouraged to apply for financial aid. Students can see the variety of financial aid available at www.chaminade.edu/financial_aid or email finaid@chaminade.edu for assistance. To apply for financial aid and scholarships (including those listed below), students should submit the Free Application for Federal Student Aid (FAFSA) as early as possible.

Support Services

CUH is committed to providing support services that promote and facilitate the success of students. Students who transfer to CUH from KCC will be eligible for all support services on campus, including tutoring, mentoring, advising, cross-cultural adjustment, and counseling.

Transfer of credits

CUH agrees to accept transfer credits from KCC under the following guidelines:

1. Transfer credit is only accepted for students accepted as classified degree seeking students. Unclassified students may not receive an official evaluation or acceptance of transfer credit.
2. Only course with a grade of "C" or above may be transferable.
3. The grade of "Credit" in credit/no-credit courses maybe transferable only if the grade of "credit" reflects the equivalent of a "C" or better grade.
4. Lower division courses substituted for upper division courses do not count toward the required 45 upper division credits to graduate with a bachelor's degree at CUH.
5. Once a student has entered CUH, the student's GPA (s) from their previous school(s) is not transferable and no longer applies. Accepted transfer credits will be posted to the Chaminade transcript with a grade of 'TR' to designate that the credits earned are transfer credits. Transfer credits are not used in the calculation of a student's grade point average at Chaminade.
6. Courses completed more than 10 years before enrollment at Chaminade may be accepted for general education requirements and electives after the student has satisfactorily completed 15 hours at Chaminade for an associate degree or 30 hours at Chaminade for a baccalaureate degree. To satisfy the general education requirements in the sciences, however, transfer credits may not in any case be more than 15 years old. Transfer credits over 10 years old intended to fulfill requirements in the pre-major/major field of concentration must be evaluated by an advisor in that discipline.
7. Courses are appropriate and applicable to the program and degree sought at Chaminade.
8. Courses were not of a remedial, technical, vocational, or professional nature.
9. Exceptions to the above policy may be made on a course-by-course basis as follows: credit earned at institutions in foreign countries verified by a certified English

translation of transcripts and those accredited by agencies other than the regional associations in the U.S. (listed above).

Students transferring from KCC to CUH

A student at KCC may request transfer to CUH at any time. However, if a student has completed less than 24 college credits at the time of application, their high school record and transcripts will be requested by CUH.

Students transferring to Chaminade can transfer a maximum of 45 credits toward an associate's degree or 90 credits towards a baccalaureate degree from all institutions attended. In order for a student to receive a Chaminade associate's degree, a student must complete at least 15 credits in residence from Chaminade University. In order for a student to receive a baccalaureate degree from Chaminade, at least 30 credits must be completed in residence at Chaminade and at least 50% of the major requirements for the student's chosen degree program.

KCC students and advisors are encouraged to peruse the Chaminade University four year plans so that KCC courses may be chosen strategically to foster seamless transfer and timely graduation. The four year plans can be found here:
http://www.chaminade.edu/advising/four_year_plans.php

On a separate page are those courses in the KCC catalog that have been approved as equivalents to courses in the Chaminade catalog. Included are the Chaminade general education requirements met by approved KCC equivalent courses, along with some pre-major and major courses approved for specific degree programs. Other courses taken at KCC will be reviewed on a case by case basis and may be accepted as elective credits.

Chaminade general education requirements

1. Requirements for all degrees at Chaminade are listed in the Chaminade University catalog (www.chaminade.edu/catalog).
2. For Chaminade Associate's degrees, only one natural science and lab course is required. For Bachelor's degrees, two science and lab courses are required, although a student may transfer in one science course as "lecture only" to meet the requirement. The second science and lab course must include a corresponding laboratory credit.

Chaminade University

3. For Chaminade Associate's degrees, a student at Chaminade is required to take either a behavioral or social science course. For the Chaminade Bachelor's degrees, a student must fulfill both requirements.
4. For Chaminade Associate's degrees, Global Awareness or foreign language is not required, but it is encouraged. For Bachelor's degrees, a Global Awareness course or the second semester of a foreign language is required.

Administration and Management:

The management of this agreement will be coordinated through the Chief Academic Officers or their designees at each institution. Changes in the courses, programs, or policies at either institution will be communicated by continuing to provide each other with catalogs which will show changes from year to year to the Chief Academic Officers or their designees at each institution, which may result in modifications or amendments to the terms of the agreement.

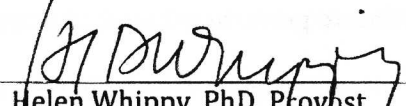

The Chief Academic Officers at each institution will identify programs on each campus that might benefit from an articulation agreement and work with the faculty in these programs to develop degree pathways and advising materials to facilitate transfer between the two institutions.

This agreement will be in effect from the date signed below and will continue thereafter for a period of five years, at which time the agreement may be reviewed and revised or reissued as agreed upon by both parties. The agreement may be terminated by either party at any time provided that the other party is given prior written notification.
