Selective Admissions Criteria

Qualification is based on a BEST QUALIFIED rating system for (a) grades of completed prerequisites, and (b) grades of completed support courses. Selection is based on total qualifying score in rank order from the highest until admission quota is reached.

Program applications are located in the [Medical Laboratory Technician webpage](#). Students must complete all prerequisites by the application deadline to be fully qualified.

Students on probation, suspension or having a GPA below 2.0 at KapCC are not eligible for admissions. A grade of "C" or higher must be maintained in all program requirements to continue in the program.

Priority selection is given to Hawai'i State residents; nonresidents will be considered after all qualified residents have been accommodated per [Board of Regents Policy 5.211](#).
