## COMPLETED TASKS

- ☼ **Chancellor-led committee recommendations: Jan 2015**
- ☼ **Strategic Planning Council endorsement: March 2015**
- ☼ **Student Success Council recommendations: April 2015**
- ☼ **Task Force #1, June 2015: Agree on new models for acceleration, 4 days: 50+ participants**
- ☼ **Task Force #1 math and English faculty follow up with VP Morton: July 6th and 27th**
- ☼ **Task Force #2, Aug. 10th: 2 days for refining the models and expanding the participants...60+ participants**

## Tasks in Fall 2015

- **Multiple follow up meetings with English and Math subgroups**
  - Models continue to be refined; some drift
- **Multiple meetings with Placement group**
  - Filter agreements are coming forward
  - Too much emphasis still on “correct” placement and documentation; opposed to self reporting regardless of national research
- **Some campuses are moving items through curriculum committee**

**UHCC System 2015-2021**

## Outstanding Issues:

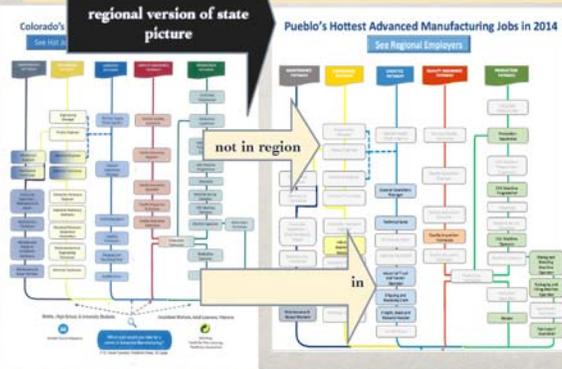

- Resolving placement models
- Clarifying co-req models
- Adding to the dev ed acceleration policy to clarify who is impacted: "any person enrolled at a UHCC seeking an academic credential for which college-level English and/or math is required."
- Expository requirement doesn't benefit many students
- Too much emphasis on documentation for placement
- Small realization that only 13% come from HS
